

## Power System Relaying Committee

"The IEEE Grade of Fellow is conferred by the Board of Directors upon a person with an extraordinary record of accomplishments in any of the IEEE fields of interest. A brief citation is issued to new Fellows describing their accomplishments and the total number selected in any one year does not exceed one-tenth percent of the total voting Institute membership."

The PSRC is proud that our participants are well represented in this elite group.

---

---

	<p><b>ALEX APOSTOLOV</b> 2009 For contributions to use of digital computers for power system protection, control and operation</p>	
	<p><b>MARK G. ADAMIAK</b> 2005 For contributions to power system protection, communications protocols and standards for power system substations.</p>	
	<p><b>MIROSLAV MIODRAG BEGOVIC</b> 2004 For leadership in developing analysis tools and protection techniques for electric power transmission systems and renewable generation.</p>	
	<p><b>JOHN R. BOYLE</b> 1992 For leadership and technical contributions to the art of protecting and operating electric power systems.</p>	

	<p style="text-align: center;"><b>THOMAS W. CEASE</b></p> <p style="text-align: center;">2000</p> <p style="text-align: center;">For significant contributions to optical current and voltage measurements and the control of power in high voltage transmission systems.</p>	
	<p style="text-align: center;"><b>JOHN W. CHADWICK, JR.</b></p> <p style="text-align: center;">1983</p> <p style="text-align: center;">For contributions to protection and metering of high-voltage power systems utilizing both solid-state and electromechanical components.</p>	
	<p style="text-align: center;"><b>WILLIAM E. FEERO</b></p> <p style="text-align: center;">1987</p> <p style="text-align: center;">For contributions to the analysis of transient phenomena on transmission and distribution systems.</p>	
	<p style="text-align: center;"><b>ANTHONY T. GIULIANTE</b></p> <p style="text-align: center;">1994</p> <p style="text-align: center;">For contributions to protective relaying education and their analysis inspirational environments.</p>	
	<p style="text-align: center;"><b>CHARLES F. HENVILLE</b></p> <p style="text-align: center;">2004</p> <p style="text-align: center;">For contributions to power system protective relaying.</p>	
	<p style="text-align: center;"><b>STANLEY H. HOROWITZ</b></p> <p style="text-align: center;">1979</p> <p style="text-align: center;">For contributions to power-system integrity through protective relaying and to education through industry/education research programs.</p>	

	<p style="text-align: center;"><b>MOHAMED AMIN IBRAHIM</b></p> <p style="text-align: center;">2001</p> <p style="text-align: center;">For leadership in power system protection through analytical studies of protective relaying performance.</p>	
	<p style="text-align: center;"><b>BOGDAN KASZTENNY</b></p> <p style="text-align: center;">2008</p> <p style="text-align: center;">For contributions to protective relaying methods, designs, and applications.</p>	
	<p style="text-align: center;"><b>MLADEN KEZUNOVIC</b></p> <p style="text-align: center;">1999</p> <p style="text-align: center;">For contributions to the development and implementation of systems for automated fault analysis.</p>	
	<p style="text-align: center;"><b>WILLIAM C. KOTHEIMER</b></p> <p style="text-align: center;">1985</p> <p style="text-align: center;">For contributions to compatibility of sensitive solid-state power-control devices with their noisy electromagnetic environment.</p>	
	<p style="text-align: center;"><b>VAHID MADANI</b></p> <p style="text-align: center;">2008</p> <p style="text-align: center;">for leadership in power system protection, control for wide-area systems, and modular protection automation</p>	
	<p style="text-align: center;"><b>KENNETH E MARTIN</b></p> <p style="text-align: center;">2008</p> <p style="text-align: center;">For leadership in the development of concepts, standards, tools, and test methods for synchronized phasor measurement systems</p>	
	<p style="text-align: center;"><b>PETER GRANT MCLAREN</b></p> <p style="text-align: center;">1998</p> <p style="text-align: center;">For contributions to the development of digital relays and real time</p>	

	simulators for testing relays.	
	<p style="text-align: center;"><b>CHARLES J. MOZINA</b></p> <p style="text-align: center;">2011</p> <p style="text-align: center;">For contributions to the protection of electrical power systems.</p>	
	<p style="text-align: center;"><b>DAMIR NOVOSEL</b></p> <p style="text-align: center;">2003</p> <p style="text-align: center;">For contributions to the field of power system relaying, substation automation, and process automation.</p>	
	<p style="text-align: center;"><b>ARUN G. PHADKE</b></p> <p style="text-align: center;">1980</p> <p style="text-align: center;">For contribution to the application of digital computers to power systems.</p>	
	<p style="text-align: center;"><b>ROGER ELLIOTT RAY</b></p> <p style="text-align: center;">2000</p> <p style="text-align: center;">For contributions to power systems communications and protective relaying systems.</p>	
	<p style="text-align: center;"><b>GEORGE D. ROCKEFELLER</b></p> <p style="text-align: center;">1975</p> <p style="text-align: center;">For technical leadership in the application of protective relaying.</p>	
	<p style="text-align: center;"><b>MOHINDAR S. SACHDEV</b></p> <p style="text-align: center;">1983</p> <p style="text-align: center;">For contributions to computer applications for power system analysis and protection.</p>	

	<p style="text-align: center;"><b>TARLOCHAN SINGH SIDHU</b></p> <p style="text-align: center;">2004</p> <p style="text-align: center;">For innovations and contributions to the development of digital relaying algorithms.</p>	
	<p style="text-align: center;"><b>RICHARD P TAYLOR</b></p> <p style="text-align: center;">2011</p> <p style="text-align: center;">For contributions to protection of electrical power systems.</p>	
	<p style="text-align: center;"><b>JOHN TENGDIN</b></p> <p style="text-align: center;">2007</p> <p style="text-align: center;">For Leadership in Ethernet local area network based protective relaying and control in electric power substations.</p>	
	<p style="text-align: center;"><b>JAMES S. THORP</b></p> <p style="text-align: center;">1989</p> <p style="text-align: center;">For contributions to the development of digital techniques for power system protection.</p>	
	<p style="text-align: center;"><b>ERIC AVRAM UDREN</b></p> <p style="text-align: center;">1999</p> <p style="text-align: center;">For contributions to protective relaying and substation control systems.</p>	
	<p style="text-align: center;"><b>SUBRAHMANYAM S. VENKATA</b></p> <p style="text-align: center;">1989</p> <p style="text-align: center;">For leadership in electric-power education and research in energy transmission technology.</p>	
	<p style="text-align: center;"><b>MURTY YALLA</b></p> <p style="text-align: center;">2006</p> <p style="text-align: center;">For contributions in computer relays for power systems.</p>	

	<p style="text-align: center;"><b>STANLEY E. ZOCHOLL</b></p> <p style="text-align: center;">1986</p> <p>For contributions in the development and application of solid-state protective relays and tripping devices for electrical power systems.</p>
