#### **PSRC**

#### **Policies & Procedures Overview**

#### September 2022

**Don Lukach, PSRC Standard Coordinator** 

1

- IEEE SA (Standards Association) developed universal P&P templates for all technical committees, like PSRC, that work on Standards.
- These P&Ps are for the Individual Method.
- Terminology and processes were standardized and differ from past P&Ps.
- Most of the template could not be changed or revised.

#### PURPOSE

• Provide a common structure for standard development within any Technical Committee, like the PSRC.

#### Multiple related documents within the PSRC

#### SA P&P

Applies to the Main Committee and Subcommittees. Approval from IEEE required.

#### WG P&P

Applies to Working Groups associated with standards. Approval from IEEE required.

#### PSRC SA & WG P&P Addendum

Provides explanations and references for both P&Ps. PSRC can change this as needed.

#### **Quorum Clarity**

Provides guidance on quorums. PSRC can change this as needed.

What is a Standard?

Why are some standards called standards and others called guides or recommended practices?

What is a PAR?

Why does IEEE SA standards call them "Projects"?

#### This is so confusing!!!!!

# **IEEE SA Website is a plethora of all information standards related!**

However, let's hit some basics...

#### Standards

- Standard, Recommended Practice, Guide
  - Standards highest level.
    - Requirements
    - Language like Shall, Must
  - Recommended Practice medium level.
    - Recommendations.
    - Language like Should
  - Guides are the lowest level.
    - Options.
    - Language like typically, can, etc.

#### Language in Standards?

#### SA Standard Template Section 1 PSRC Website under Knowledge base

#### PAR

- Project Authorization Request
- "Project"

 Required to have an IEEE SA approved PAR for a WG to work on a Standard.

### Name Changes

- "Sponsor" now "Standards Committee"
- "Co-Sponsor" now "Joint Committee" or "Joint Standards Committee"
  - Lead or Non-Lead role
    - Lead covers all PAR responsibilities
- "Responsible Subcommittee"
  - PSRC Sub C, D, H, I, J, K

### SA P&P Section 1

- Conduct
- Hierarchy
- Fundamentals
- Due Process
- Confidentially, Copyrights
- Consensus
- Definitions

#### Consensus

- Concerted attempt to involve all
- Substantial agreement
- More than Majority but not need Unanimity
- Consideration of all views and objections
- Concerted effort to resolve objections

#### Definitions

- Dominance
  - Like it sounds. Frowned upon. Don't do it.
- Participants
  - Anybody involved.
- SCR (Standards Committee Rep)
  - Liaison between PES and PSRC (Standard Coordinator) to help with Entity process

# Responsibilities and Officers

# Membership Types

- Participant
  - Anybody involved. See Participant slides.
- Non-Member
  - Think of as the old "Guest"
- Non-Voting Member
  - Think of as the old "Corresponding Member"
- Voting Member

### Membership Types

• Member

- Generic and not specifically used by PSRC

## Responsibilities of WGs

- Applies to WGs
- Dominance discussed again...
- Officers
  - Appointment/ terms/ removal process
  - Specific duties

# WG Membership

- Attendance and Participation
  - Attend 50% of the meeting to count for attendance
  - Participant to Non-Voting Member and Voting Member process.
  - Maintain Voting Membership:
