June 17, 2021

Dear Participants,

This letter is to underscore our intention to return to face-to-face meetings as soon as possible. The PSRC leadership is fully aware of the benefits of in person meetings and is committed to this approach. Many of you have pointed out the benefits that often present themselves during the informal times between working group meetings (at coffee breaks etc.). I whole heartedly agree that these benefits are what I have found the most rewarding in my time at the PSRC.

However, based on the results of our recent survey of participants of PSRC/PSCC committees for the September 2021 meeting, majority of the respondents could not commit to attend a face-to-face meeting due to travel restrictions from their employers and other personal reasons. As a result, the officers of the PSRC and PSCC committees met and decided to continue with the virtual format for the September 2021 meeting.

As the COVID situation is improving, more and more companies are asking their employees to return to work. Also, the domestic air travel is coming back to normal. We expect to resume face-to-face meetings starting from January 2022.

We thank each of you for your willingness to bear with us until the time returns where we can again meet in person.

Best regards,

A handwritten signature in black ink that reads "Murty V.V.S. Yalla". The signature is written in a cursive, flowing style.

Murty V.V.S. Yalla
